The SAGlobal Partner AdvantEDGE Program

With over 24+ years of experience the SAGlobal Partner AdvantEDGE team is among the most experienced Global Microsoft Dynamics solutions providers across the world. Our clients today are continuously looking for ways to leverage their technology investments to optimize business value.

They face various challenges from lack of in-house skills, especially in upgrading the organization specific customizations or coping with separate technology upgrade cycles of multiple vendors.

With its established practice in Microsoft Dynamics coupled with functional and technical expertise, we offer Microsoft Dynamics partners services that help smoothen this transition - cost effectively and with minimum disturbance to the existing operations. Our process centric approach eliminates the risk factor in outsourcing while at the same time allowing the client to leverage the cost advantage of outsourcing their ERP solution development.
